# ALL-BUTTER CROISSANTS

All Croissants are judged by their freshness, flakiness, and buttery richness. To ensure the highest quality, **Croissant Etc.'s** Croissants are made with only Grade AA rich and creamy unsalted butter, the highest quality flour, and the freshest milk available. To achieve the ultimate flakiness, we fold each tender layer of dough with great precision. We refuse to take any short-cuts or scrimp on quality. The delicious taste proves our point, **Croissant Etc.'s** Croissants may be the flakiest, richest, best-tasting Croissants you've ever tried. If you haven't tasted one, you're missing one of life's greatest pleasures.
